Nature

Surrounded by the beauty of the Abukuma highlands, nature is an important asset of the community. The richness of each season is what makes the people of Ogoe warm hearted and strong. It is the source of our energy.

The gently sloping crests of the Abukuma range display the beauty of the four seasons. Cherry blossoms and ancient trees which have received prefectural and municipal designations as natural treasures along with the subtle murmuring of the Otakine and Makino rivers make you feel that nature is always close at hand.
