Environment

We are working to create a comfortable living environment that is in tune with the nature and climate of Ogoe by focusing on improvements in public housing, a stable natural water supply, proper garbage handling and recycling practices, and disaster prevention services.

つつじレインボーロード

大滝根川源流

We endeavor to build a peaceful town that is serene, safe, and easy to live in. We are always trying to enrich the living conditions and life-styles of the people as well as making advancements in the facilities that provide clean drinking water. Furthermore, we are promoting the preservation and enjoyment of our rivers as well as raising people's awareness about their environment.
