豊かさを創造する田園都市の骨格をつくる

WE MAKE FRAMEWORK OF GARDEN CITY THAT BRINGS AFFLUENCE

豊かな自然や農地などとの共生を図りながら、水と緑に囲まれたゆとりと潤いのある地域環境を形成し、豊かさを創造する田園都市としての骨格をつくっています。

■水と緑に囲まれたうおいある地域環境の形成

●地域環境の形成

町土は限られた貴重な財産の一つであり、町民の活動の基本となるものであるという認識を持ち、田園都市「おおくま」にふさわしい自然豊かなまちづくりを推進しています。

■個性的で賑わいのある市街地環境の整備

●市街地環境の整備

中心市街地整備計画にもとづき、商業、業務、行政、文化、交通の拠点として計画的な市街地整備を進め、町民の生活ニーズに対応した都市的機能を導入しています。

■ふるさとの風景を活かした農村環境の整備

●農村環境の整備

農村の特質を活かし、生活の安全性、快適性、保健性の向上を図り、田園風景を醸成している農村集落について、積極的な維持保全に努めています。

■田園都市を支える都市基盤の充実

- 広域交通ネットワークの整備
- 町内交通ネットワークの整備
- 通信・情報網の整備
- 上水道
- 下水道

幹線道路や生活道路の確立、整備を図り快適性、安全性を向上し、情報通信システムの検討を進め、水源確保、施設設備の実現など、より機能的なまちづくりを進めています。

We constitute our regional environment with comfort and prosperity surrounded by water and verdure in symbiosis with the abundant natural resources and farmland, making a framework for the garden city that brings affluence to all of us.

■ Formation of prosperous regional environment surrounded by water and verdure

● Formation of regional environment

We are promoting the development of our town rich in natural resources to be suitable for the garden city [Okuma] with the perception that the land of our town is one of the valuable and limited assets and that it serves as a base for various activities by our townspeople in the years ahead.

■ Improvement of urban environment that is characteristic and lively

● Improvement of urban environment

We are proceeding with the systematically planned arrangement of urban areas as a foothold for commerce, service, administration, culture, and transportation according to the central city area arrangement program, and introducing a municipal function to meet the living needs of our townspeople.

■ Improvement of farming village environment, making full use of rural scenery

● Improvement of farming village

We plan to improve safety, comfort, and preservation of health, making the most of the farming village advantages, and we will exert strenuous efforts to conserve and maintain aggressively the farming villages that can create a rural landscape.

■ Completion of municipal base to support garden city

- Arrangement of traffic network in wide area
- Arrangement of traffic network in town
- Arrangement of communication and information network
- Waterworks
- Sewer system

We are currently engaged in the development of a more functional town by establishing and arranging highways and town streets, upgrading comfort and safety, proceeding with the examination of information and communication systems, securing required sources of water supply, and improving various facilities, etc.
