## 町民のニーズを的確に把握し、柔軟に対応します。 WE WILL GRASP THE NEEDS OF TOWNSPEOPLE PRECISELY AND DEAL WITH THEM FLEXIBLY

国際化、高齢化、情報化等の社会経済環境の一層の変容と、多極分散型の国土形成に向けた「地方分権」に対し、行政の役割は今後益々大きくなると考えられます。21世紀の新しいまちづくりを推進している大熊町は、これらの社会情勢をとらえ、さらに町民のニーズを的確に把握し、対話のあるクリーン町政を目指します。

We believe that the role to be played by the administration will become increasingly important for further changes in the socioeconomic environment of internationalization, aging, and information-oriented communities, etc., as well as the multi-polar dispersion type national land formation directed toward (the decentralization of power). We are advancing with the development of new Okuma Town for the 21st century, taking precise account of these social situations and the needs of townspeople, and aiming at a clean municipal administration through dialog with townspeople.
